

Buckle up for the ride of a lifetime with i-Race

Fancy taking an F1 car for a spin this summer? Now you can belt up with Lotus Renault GP's i-Race programme and become a grand prix driver for the day.

It's not often that an F1 team opens its doors and gives you the chance to experience some adrenaline-fuelled laps in a real F1 car, but that's exactly what i-Race offers. It's your chance to realise a lifelong ambition by stepping into your heroes' shoes for a taste of life at 200mph.

The whole i-Race experience is designed to offer a rare glimpse into the challenge faced by the best drivers on the planet every other weekend. Taking place at the Hungaroring circuit in Budapest, i-Race takes you on a fast-track training programme from Formula Renault to Formula 1 in just one day.

But the life of an F1 star isn't just about driving at breakneck speed, so you'll be thrust into every aspect of the job faced by our race drivers. That means attending engineers' meetings, studying the telemetry, and even walking the track. Before you know it you'll be complaining of understeer and oversteer just like the pros.

So don't miss out on this extraordinary opportunity and book your place on the next i-Race programme in Budapest from 6th - 10th June 2011.
